CLUB PET BOARDING MEDICAL STABILITY CERTIFICATE

Club Pet Boarding is a non-medical, non-24 hour facility which does not provide overnight staffing or services. All pets with a medical condition that may require veterinary attention must have written clearance to board at Club Pet, stating that the pet is stable and healthy enough to board in such an environment. In order to provide the best possible care for our clients and their pet(s), we require the following documentation be submitted annually.

This policy applies to all pets with potentially serious medical conditions:

- ◆ **Pets must provide Medical Stability documentation annually in order to board. Club Pet management reserves the right to request documentation more frequently when deemed necessary.**
- ◆ **Medical Stability Certificates must be filled out for each pet that is subject to this policy. Please do not group multiple pets onto one form.**
