

## Session 2 Update

**Spring has sprung!**

As promised, Session 2 was much sunnier and our riders were able to enjoy more fun and games in and out of the arena. We were very fortunate to have received a generous donation for some rider and horse enrichment activities! Including: 2 new sets of colored cones for weaving, doing figure 8 and serpentine patterns, some new ground poles to practice two point positions and counting and the giant foam dice are super fun for throwing and mathematics. We couldn't have this much fun without the generous support of our donors and volunteers!

**The new toys have arrived!**

**It's all fun and games!**

**Dante did his first mounted lesson(s) with a student this session! We are so excited to see him continue to integrate into our growing program.**

**Our semi-annual tack sale was a big success! We want to give a shout out of thanks to Evonne Spineto and Bob at Bob's Cranes for the help getting the sale organized and for the very generous donation!**

**Thank You to all who continue to support our riders and horses!**
